CAMPUS - Data Analysis Summary

Instructions:	Before completing the Data Analysis Summary, please review the definition/purpose and the summary of findings statements listed below. This section provides the statutory definition of data analysis and describes how it contributes to the continuous improvement process. The data analysis process helps inform your campus in the completion of the targeted improvement plan as required by the campus staging identification. The data analysis is divided into five sections. With the exception of Section IV (priority campuses only), all sections are required to be completed by all campuses for the data analysis process. TEA/TCDS support specialists are available to assist with any questions that may arise throughout this process.
Definition/Purpose:	Data analysis and review of student level data conducted by the campus intervention team [Texas Education Code (TEC) §39.106 (a) and 19 Texas Administrative Code (TAC) §97.1063] is designed to identify factors contributing to low performance and ineffectiveness of program areas. Data analysis informs the needs assessment and leads to a targeted improvement plan.
Summary of Findings:	A data summary captures patterns and trends in the data. A summary of findings is a way to synthesize the outcome of the data analysis to create the problem statements which form the basis for the needs assessment process.

Section I - General Questions

Is your campus identified as Improvement Required in the state accountability system?	Yes	<i>Responses to these questions have been populated from the Contact-Intervention Information Tab</i>
Is your campus identified as a Priority campus?	No	
Is your campus identified as a TTIPS campus?	No	
Is your campus implementing a turnaround plan?	No	

Section II - Index Questions

Index 1 - Student Achievement	Did your campus meet standard for Index 1?	No						
	<p><i>If your campus Index 1 score was 5 points above index target, you do not need to answer this question*.</i></p> <p>Which student group(s) is(are) in greatest need of improvement? Index 4 - Postsecondary Readiness	Did your campus meet standard for Index 4? <i>*see help box for score details</i>	Yes, with a non-AEA index score equal to target or less than/equal to 2 points above target
	<p><i>If your non-AEA campus Index 4 score was more than 2 points above the Index 4 target, then you do not need to answer this question.</i></p> <p><i>If your AEA campus Index 4 score was more than 5 points above the Index 4 target, then you do not need to answer this question.</i></p> <p>Which component(s) of Index 4 contributed to your campus missing Index 4?</p>	<input checked="" type="checkbox"/> STAAR component-student performance at or above Level II, Final <input type="checkbox"/> Graduation Rate <input type="checkbox"/> Graduation Plan <input type="checkbox"/> Postsecondary Indicator
	For the past three years, African Americans have not met the Index 4 STAAR component target score (2014: 9%, 2015: 9%, 2016: 6%).	

Section III - PBMAS

(If your district is not identified in PBMAS, move to section IV)

Select any program area(s) where your district received a performance level (PL) 2 or 3 on a student academic performance indicator in their Performance-Based Monitoring Analysis System (PBMAS) report.	<input checked="" type="checkbox"/> BE/ESL <input type="checkbox"/> CTE <input checked="" type="checkbox"/> NCLB (Title I, Part A or Migrant) <input checked="" type="checkbox"/> Special Education
How might your campus have contributed to PBMAS area(s) of concern and what correlations can be made between them and your campus' system safeguards?	BE/ESL: Students are Tier-grouped according to TELPAS performance levels. SPED: Special education teachers are assigned to a specific content. Teachers utilize small group instruction within the inclusion model.

Section IV - Critical Success Factors (CSFs):

The questions above highlight the overall performance of the campus in relation to the State's indexes. The performance of the campus as measured by the indexes is the result of numerous variables. In order to help identify the pivotal factors that contribute to the overall success of the campus/district as measured by the State's accountability system, **please identify the data sources used when reviewing the campus' processes for each CSF.**

(For possible data sources, see the [CSF Data Sources](#) document)

Academic Performance	STAAR results, TAPR, CBAs, TELPAS results, formative assessments, Developmental Reading Assessment, Student self-tracking goal setting documents, Tutoring reports, Individual Education Plans, Attendance records, Discipline records
Use of Quality Data to Drive Instruction	STAAR results, CBAs, formative assessments, Data Walls/Rooms, Response to Intervention tracking, Professional Learning Communities minutes, TEKS unpacking, Eduphoria reports, Classroom walkthrough data,
Leadership Effectiveness	STAAR results, TAPR, Teacher retention, Teacher attendance, Teacher evaluation results, Principal/Teacher self-evaluations
Increased Learning Time	Time-on-task observations, Student engagement observations, Percentage of school-wide engagement in enrichment activities, Master schedule, Minutes of instructional time per day, Minutes offered for staff, 24/7 online academic opportunities provided
Family and Community Engagement	Number of parent/family conferences held, Number of family/parent focus workshops and programs offered, STAAR Strategy Family Night, Number of modes of communication used to inform families how to support their student's academic growth
School Climate	Teacher retention rate, Student perception data, Staff perception data, Discipline data, PBIS activities and impact, Involvement in extracurricular activities, Campus cleanliness,
Teacher Quality	STAAR results, Classroom observations, Third Party classroom observations, Professional Development hours, Professional Development implementation (as evidenced during classroom observations), Discipline referrals

Section V - Identification of Problem Statements:

Before transitioning to the needs assessment phase of the continuous improvement process, problem statements need to be developed based on trends and patterns identified through the data analysis process. The purpose of the problem statement is to objectively define the gap(s) identified through the data analysis process in a clear and concise manner. Problem statements clarify the issues that need to be addressed in the targeted improvement plan.

Although the data analysis process may reveal multiple trends/patterns that appear to call for further action, the campus should target problems most critical to improvement. This may result in less than ten problem statements when prioritizing focus areas for the targeted plan.

In the needs assessment phase of the continuous improvement process, the campus will conduct a root cause analysis to determine the cause of the problems articulated in the problem statements.

DISTRICT - Data Analysis Summary

Instructions:	<p>Before completing the Data Analysis Summary, please review the definition/purpose and the summary of findings statements listed below. This section provides the statutory definition of data analysis and describes how it contributes to the continuous improvement process. The data analysis helps inform your district in the completion of the targeted improvement plan as required by your district staging identification.</p> <p>The data analysis is divided into six sections. Please answer Section I- General Questions as it will help you determine the remaining questions required for the district data analysis process. All districts will complete sections I, V, and VI, however; the remaining sections are based on your district response to Section I. Please note, when going through the data analysis process, there are no sections that should be answered in isolation. Each section plays a critical role in this process. If you have any questions throughout this process, please contact your TEA/TCOSS support specialist.</p>
Definition/Purpose:	Data analysis and review of student level data conducted by your district leadership team [Texas Education Code (TEC) §39.102-104 (a) and 19 Texas Administrative Code (TAC) §97.1071] is designed to identify factors contributing to low performance and ineffectiveness of program areas. Data analysis informs the needs assessment and leads to a targeted improvement plan.
Summary of Findings:	A data summary captures patterns and trends in the data. A summary of findings is a way to synthesize the outcome of the data analysis to create the problem statements which form the basis for the needs assessment process.

Section I - General Questions

Is your district identified as <i>Improvement Required</i> in the state accountability system?	Yes	<i>Responses to these questions have been populated from the Contact-Intervention Information Tab</i>
Did your district receive performance levels of 2 or 3 on indicators for any of the four program areas on the Performance-Based Monitoring Analysis System (PBMA) report?	Select	
Does your district serve students with disabilities who reside in a Residential Facility (RF)?	Select	

Section II - Index Questions

(If your district is not rated Improvement Required, move to Section III)

Index 1 - Student Achievement	Did your district meet standard for Index 1?	Select													
	<p><i>If your district Index 1 score was 5 points above index target, you do not need to answer this question*.</i></p> <p>Which student group(s) is(are) in greatest need of improvement?</p> <p>(Reminder: System safeguards data can help with this analysis.) * See help box for score details.</p>	Student Group	Content Area

	<i>If your non-AEA district index 4 score was more than 2 points above the Index 4 target, then you do not need to answer this question.</i> <i>If your AEA district Index 4 score was more than 5 points above the Index 4 target, then you do not need to answer this question.</i> Which component(s) of Index 4 contributed to your district missing Index 4?	<input type="checkbox"/> STAAR component-student performance at or above Level II, Final <input type="checkbox"/> Graduation Rate <input type="checkbox"/> Graduation Plan <input type="checkbox"/> Postsecondary Indicator
	<Provide any additional information here.>	

Section III - PBMAS Questions

(If your district is not assigned a stage based on PBMAS, move to Section IV)

Which program areas have student performance indicators identified as an area of concern?

- BE/ESL CTE NCLB (Title I, Part A, or Migrant) Special Education

What campus/es is/are contributing to student performance indicators with a performance level of 2 or 3?

<Enter text>

In which program area(s) has the graduation rate been identified as an area of concern?

- BE/ESL CTE NCLB (Title I, Part A, or Migrant) Special Education

In which program area(s) has the dropout rate been identified as an area of concern?

- BE/ESL CTE NCLB (Title I, Part A, or Migrant) Special Education

In reviewing the summary page of your PBMAS report, what patterns and trends across program areas, including correlations between PBMAS areas of concern and your system safeguards, does the data reveal?

<Enter text>

What does your longitudinal PBMAS data from the past two years reveal when compared to your current year's report?

<Enter text>

Section IV - Residential Facility (RF) Questions

(If your district is not staged in Special Education and does not serve RF students, move to Section V)

What patterns and trends does the student-level data reveal for each required investigatory topic?

<Enter text>

How is individualized decision-making affected by the identified patterns and trends?

<Enter text>

Based on the data, what are the strengths or weaknesses of the district's support for students with disabilities residing in RFs?

<Enter text>

Section V - Support Systems/Critical Success Factors (CSFs):

The questions above highlight the overall performance of the district in relation to the State's indexes and PBMAS indicators. The performance of the district as measured by the indexes, PBMAS indicators, and/or RF data is the result of numerous variables. In order to help identify the pivotal factors that contribute to the overall success or needs of the district as measured by the State's accountability system, PBMAS indicators, and RF data, **please identify the data sources used when reviewing the district's processes organized by each Support System and/or CSF.**

Section VI - Identification of Problem Statements:

Before transitioning to the needs assessment phase of the continuous improvement process, problem statements need to be developed based on trends and patterns identified through the data analysis process. The purpose of the problem statement is to objectively define the gap(s) identified through the data analysis process in a clear and concise manner. Problem statements clarify the issues that need to be addressed in the targeted improvement plan.

Although the data analysis process may reveal multiple trends/patterns that appear to call for further action, the district should target problems most critical to improvement. This may result in less than ten problem statements when prioritizing focus areas for the targeted plan.

In the needs assessment phase of the continuous improvement process the district will conduct a root cause analysis to determine the cause of the problems articulated in the problem statements.

Needs Assessment Summary and Improvement Plan

Definition / Purpose:	<p>After your data analysis yields a summary of findings that results in a set of problem statements, the next step is to engage in the needs assessment process to identify root causes. The 5 steps of the root causes assessment include:</p> <p>Step 1: Clarify and prioritize problem statements Step 2: Establish the purpose of assessing root causes and establish the team Step 3: Gather data Step 4: Review data analysis Step 5: Root cause analysis</p> <p>The needs assessment process is intended to safeguard against planning or implementing strategies before the root cause of a problem is understood.</p>

Problem Statements (PS): <i>Problem statements are carried over from Section VI of the Campus Data Analysis tab OR Section VI of the District Data Analysis Summary tab.</i>	PS 1:	The 2016 passing rate for STAAR Social Studies was 34% for All Students.	is occurring because of Root Cause #1	Root Cause 1:	There was a lack of consistent implementation of instructional strategies that are engaging and at the level of rigor in which STAAR demands.

Identified and Prioritized Root Causes:

It is important to prioritize your root causes so that your improvement plan is targeted and focused. Although a TEC §11 campus/district improvement plan is critical to overall success, the TEC §39 targeted improvement plan is intended to address the specific reasons for low performance in the state accountability, PBM, or RF system.

If the district or campus would like to identify more than 10 root causes, contact the support specialist assigned to the review.

***** Important Notice! Improvement Required (IR) districts/campuses must complete the following attestation statement to fulfill TEC §39.106 requirements.*****

Attestation Statement: By checking the box, I attest that an on-site needs assessment has been conducted according to TEC §39.106 (b) and recommendations were made by the intervention team when considered appropriate. In addition, these findings have been recorded and are available upon request.

Turnaround Implementation Plan

Definition / Purpose:	<p>The turnaround implementation plan will assist campuses in monitoring the impact of the turnaround initiative on students and other stakeholders. After completing the Campus Data Analysis tab, which identifies problem statements related to the campus' current Improvement Required rating, the Campus Intervention team will:</p> <ol style="list-style-type: none"> 1. Develop annual goals that resolve the issues identified in the problem statements. In year one of implementation, these goals serve as a half-way checkpoint to a Met Standard Rating. In year two of implementation, these goals will lead to a Met Standard rating. 2. Enter the turnaround initiative and systemic root cause from the board approved campus turnaround plan in the boxes below. These must match what was submitted for agency approval. 3. Break the turnaround initiative into initiative components and develop quarterly goals that measure the implementation and impact of each of these components.

Corrective Action Plan

Instructions

The district must include noncompliance that is **new (District has not yet received Agency notification)**, **current (within one year of Agency notification)**, and/or **continuing (noncompliance has exceeded one year) in this CAP**. The district must conduct monitoring to determine the progress of implementation of the CAP, provide updates to the TEA regarding CAP implementation, and submit documents verifying implementation of corrective actions upon request.

The district is required to correct any noncompliance items as soon as possible, but in no case may the correction take longer than one calendar year from the date of identification of noncompliance. Failure to correct noncompliance within required timelines will result in elevated interventions or sanctions as referenced in 19 Texas Administrative Code (TAC) §89.1076, Interventions and Sanctions, and §97.1071, Special Program Performance; Intervention Stages.
